	9.0" x 3.0"	Skyway 9" X 3"	9 x 350-4
	10.0" x 3.0"	Skyway 10" X 3"	10 x 3 260 x 85 3.00-4
	10.5" x 3.0"	Skyway 10" X 3"	4.10 x 3.50-4
	10.5" x 2.8"	Skyway 9" X 2"	4.10 x 3.50-4

Note: Cross section drawings vary in scale

The Bead-Lok™ System is the performance and value leader in zero maintenance tires for power chairs and scooters. This specially designed series of low profile Aero-Flex™ tires and Zytel nylon wheels costs less than flat proof alternatives, yet features lighter weight, longer wear and better performance. The novel tire design works equally well in either drive or caster positions. The unique interlocking wheel design (patents pending) eliminates power robbing tire slip and the possibility of roll off.
