

Bead-Lok Tires

For Powerchair Tires

CEW Offers New Aggressive AERO-FLEX® Tires To BEAD-LOK™ Non-Pneumatic Wheel Line

CEW's line of low profile BEAD-LOK™ SYSTEM non-pneumatic wheels are now available with an all new AERO-FLEX® polyurethane tire. AERO-FLEX® tires feature a unique aggressive tread design that is lab-tested superior for traction and rolling resistance in both dry or wet environments. Fast and hassle-free to install, BEAD-LOK™ wheels with AERO-FLEX® tires are lighter, longer wearing cost less than flat-proof inserts or foam-inflated rubber tires. AERO-FLEX® tires will never go flat or require maintenance.

The Bead-Lok® System is a maintenance free tire and wheel assembly, specially designed for Powerchairs and Scooters

CHARCOAL GREY IS THE STANDARD COLOR FOR ALL TIRES. WHEELS ARE AVAILABLE IN BLACK OR GREY
