BLOW MOLDED WHEEL ASSEMBLIES

Plastic Blow Mold Wheel Assembly

Our plastic blow molded hubs can have significant advantages over injection molded hubs with regards to design flexibility and weight savings. The all plastic hub can then be fitted with a Tread Cap tire completing a true lightweight no flat wheel option. CEW specializes in high-volume production.

Foam Fill Tire

Our unique SPIN-CAST molding creates dense, firm tread area while keeping the side wall area flexible for a smooth, pneumatic like ride. Classic material in dark grey color and white color fills are for heavy duty applications. Comfort track material in green color is softer, more air-like ride. Our Dual Density Foam Fills are a perfect combination of Aero-Flex I and II compounds offering best in the market performance and durability. CEW specializes in high-volume production.

Tread Cap Wheel Assembly

Our Tread Cap assembly is altogether different. Neither inflated air nor air pockets are involved. It's the cellular structure of the hub that provides the support, strength and exceptional durability. The injection molded tread cap™ is stretched, mounted and fit firmly onto the hub. CEW specializes in high-volume production.

General Terms And Conditions of Sale

In conjunction with contractual documentation from CEW, Inc.

Entire Agreement; Binding Effect.

The terms and conditions set forth below and on the front of this document constitute the entire agreement between Seller and Buyer with respect to the goods described herein. For the parties' administrative convenience, Buyer may authorize production of the goods described herein by issuing purchase orders or other documents on Buyer's forms and Seller may acknowledge such purchase order or other document by signing and returning a copy thereof, but Seller hereby expressly rejects in advance any terms of such purchase orders or other documents which differ materially from, or are in addition to, the terms stated herein, notwithstanding any language in Buyer's forms to the contrary (including any statement to the effect that acceptance of such order constitutes consent to the terms of such form without change), whether or not such forms are signed by a representative of Seller. Buyer agrees that no such different or additional terms, and no modification or waiver of any of the terms of this agreement, will be binding on Seller unless approved by Seller's authorized representative in writing separate from such purchase order or other document stating the particular modification or waiver to be effected.

Warranty.

Seller warrants to Buyer that at the time of their sale to Buyer the goods produced hereunder will conform to any specifications expressly set forth in this agreement, or if none, then to Seller's standard specifications for like goods.

SELLER MAKES NO OTHER WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE.

Buyer's sole remedy for any breach of Seller's warranty shall be the repair or replacement of nonconforming goods, or, at Seller's option, the refund of the purchase price therefor.

Buyer agrees to inspect the goods promptly upon receipt and to notify Seller of any claimed defect or breach of warranty within 15 days after receipt and in any event before the goods are used in any manner. If requested by Seller, Buyer will retain any allegedly defective goods and make them available for Seller's inspection and testing, or ship the same to or as directed by Seller for inspection and testing, at Seller's expense. Failure of Buyer to notify Seller within such time period or to retain the goods and make them available as required shall void the foregoing warranty, if and to the extent Seller is thereby unable to inspect the goods in their original form or conduct reliable testing on them.

Returns.

No goods may be returned for any reason without Seller's prior consent, and Seller may decline to allow any claim or credit for goods returned without such consent. Transportation charges for the return of any goods shall be paid by Buyer, unless otherwise expressly agreed by Seller.

Limitation of Liability.

Seller shall not be liable for, and Buyer assumes responsibility for, all personal injury and property damage resulting from the handling, possession, processing or use of the goods.

IN NO EVENT SHALL SELLER BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER BUYER'S CLAIM BE IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE.

SELLER'S LIABILITY FOR ANY AND ALL LOSSES OR DAMAGES FROM ANY CAUSE WHATSOEVER SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE PRODUCT IN RESPECT OF WHICH THE CLAIM IS MADE.

Quantities.

Shipment quantities will conform as closely to order quantity given constraints of skid/box packaging and efficient shipping methods. Skid/box quantities will be disclosed on the associated quote for reference. All order quantities should conform to those multipliers.

Shipments.

Goods produced hereunder shall be shipped F.O.B. Seller's plant, and no allowance will be made by Seller for loss or damage to the goods after delivery to the carrier.
Any specified shipping dates are estimates and not guarantees. If this agreement covers goods to be produced under a blanket order and shipped by Seller over a period of more than one month, Buyer agrees to furnish at Seller's request monthly estimates of its requirements for the following three months.

Taxes and Freight.

Taxes or other governmental charges imposed with respect to manufacture, sale, delivery or use of goods shall be added as required by the laws in effect at time of delivery. Any increase in the cost to Seller of producing, selling or delivering the goods or of procuring materials used therein resulting from action or regulation by carrier or by any governmental authority, may at Seller's option be added to the price of the goods, retroactive to the effective date of the increase.

Payment and Credit.

In the event Buyer fails to pay for any shipment or installment when due, or if Buyer's credit or financial situation becomes unsatisfactory to Seller, Seller reserves the right, among other remedies, to require immediate payment for all goods theretofore delivered, to suspend further deliveries, to require cash payment in advance or upon delivery, or to require other security acceptable to Seller. Any suspended deliveries may, at Seller's option, be eliminated from this agreement without liability. Buyer shall be liable to Seller for all loss or damage sustained by reason of Buyer's failure to stay within agreed payment terms, including Seller's reasonable attorneys' fees incurred in collecting any past-due amounts whether or not suit is instituted.

Patents.

Any recommendations of Seller are not intended to suggest uses or operations which would infringe any patents, and Seller assumes no responsibility or liability for any such infringement. Seller may without liability to Buyer cancel deliveries of any goods the manufacture, sale or use of which may, in Seller's judgment, infringe any patent. Buyer shall hold Seller harmless from and indemnify Seller against any

judgment, loss or expense, including reasonable attorneys' fees, incurred by Seller as a result of any claim of infringement of intellectual property rights resulting from Seller's compliance with any designs, specifications or instructions of Buyer or from Buyer's forming, reprocessing or use of the goods.

Compliance with Laws.

Seller represents that in producing the goods sold hereunder, it will comply with the Fair Labor Standards Act, as amended, and the regulations and orders of the U.S. Department of Labor thereunder, and all other applicable laws and regulations.

Confidentiality.

The terms and conditions of this agreement are proprietary business information of both parties and shall be considered confidential. Unless expressly agreed to by the other party, neither party shall disclose the terms of this agreement to any third party (other than its affiliates).

Excuse of Performance.

Neither party shall be subject to any liability for delay or nonperformance to the extent that such delay or nonperformance results from fire, flood, earthquake, windstorm or other natural catastrophe or Act of God, explosion, accident, breakdown, labor shortage or labor trouble including strike and lockout, embargo, war, terrorism, riot or criminal activity, action or request of any governmental authority, delay or failure of carriers, contractors or public utilities, inability to obtain necessary raw materials, supplies or energy, or any other cause reasonably beyond the control of such party.
